2 Q On their Cloud. That was your home NAS,  
3 N-A-S.4 THE REPORTER: Oh, NAS. Got it. It  
5 sounded like, "mass."

6 MS. MCLEAN: I know.

7 THE REPORTER: Okay, got it.

8 BY MS. MCLEAN:

9 Q So that your use of the Seagate drives at  
10 issue in this litigation, what was it for primarily?11 A It was documents, media, receipts, tax  
12 documents, photographs of my dad. And he was very  
13 big into genealogy. So we are talking about  
14 hundreds and hundreds of years of genealogy data.  
15 And when he passed away, it was very important to  
16 him that this information went on, was passed on.  
17 And I'm an only child. So for me the information on  
18 the drive was critical. Sketches from my father.  
19 Music that my band recorded in 1990 that I digitally  
20 scanned in, created media files. Essentially, my  
21 life from 20 plus years was all on those drives.22 Q What is your band? You had a band at one  
23 time?

24 A Uh-huh.

25 Q What did it do?
